4. Animals must be free of all drug residues on **move-in date**.

5. Health papers are not required for animals purchased and residing in Ohio. Animals imported/brought into Ohio for exhibition must be accompanied by a certificate of veterinary inspection issued within thirty days preceding the exhibition opening date. See Ohio's Livestock Health Exhibition Rules for further clarification and a complete listing of health requirements.

C. Market Weights

1. Animals weighing outside of the minimum weight guidelines with the 5 pound plus or minus variance, may stay pending vet approval and may show in showmanship and open class. These animals do not have the option of selling direct or participating in the livestock sale. Animals must go home at the end of fair
2. Exhibitor may request one "re-weigh" – which must be done immediately. The animal will exit the scale and re-enter.

Species	Minimum Weight	Maximum Weight
Beef Steer, Market Heifer and Dairy Steers	1000 pounds	None
Feeder Calves	280 pounds	650 pounds

D. Livestock Release

1. All animals are released on Friday from 4:00 – 7:00 pm.
2. Each exhibitor must clean his or her stall/pen prior to leaving the fairgrounds. Premiums forfeited for pens not cleaned by noon on Saturday.

E. Pen Assignments

1. Any changes in pen assignments without prior approval of the Barn Superintendent will result in forfeiture of premium and the exhibitor not being permitted to show in the current year with that project.

F. Junior Fair Eligibility

1. All Defiance County Junior Fair exhibitors must successfully meet all requirements of their youth organization before being eligible to exhibit for competition. See Exhibitor and General Guidelines.
2. 4-H and FFA Dual Membership Policy: Ohio 4-H members are often also FFA members, sometimes within the same county and sometimes in an adjacent county. These members need to keep in mind the 4-H policy about 4-H projects being separate from school projects. To keep work in both organizations clearly separate, **4-H members are advised to take different species in the two organizations** or, at the very least, to take market animals in one and breeding animals in the other. FFA members must exhibit FFA projects in the county of their school chapter.
